

Paving Your Passionate Teaching Path

When the overwhelm reaches out and begins to haunt you, that is when you know you need help! On the 1st of each month, you will have a chance to jump in and join our newest challenge.

Each monthly challenge is designed to take you one step closer to becoming a passionate teacher. We will give you advice, examples, and ideas but just as all teachers do, we want you to make it your own!

While each month will have a specific challenge within our overarching topic that does not mean that this time next year you are done. We have designed this program so it allows you to always improve and grow!

This is great for administration and your evaluation. What did you do this year to grow professionally? You paved a new path to passionate teaching!

Here is a sneak peak at the things we will be focusing on each month and some of the challenges you may encounter.

| | | |
|--------------------------------------|-------------------------------------|----------------------------------|
| September Teacher Routines | October Fun & Games | November Review & Test |
| December Party Time | January Goal Setting | February Evaluations |

April: Math Centers, ELA Centers, Holidays, Party Supplies, Your File Cabinet, Student Records

May: Smarter Packing, Prep for next year, Moving Classrooms or Schools, Working through the Summer

WARNING!

Do not look at the list of challenges listed under each month and think “I will never have the time.” You are right, you don’t.

BABY STEPS

We will only do 1 of those challenges each year. We will be building a binder of tools over the months together. Each day we will get a little better than the day before.

Remember, I promised it wouldn’t hurt.

Small changes make the biggest difference.

Today you took the chance to sign up for my email. Tomorrow, we will start taking our first step together!
